

## LABORTAORIO ANALYSIS "DA VINCI"

Headquarters Via Isella No. 89 27025 Gambolo' (PV)  
TEL 0381-930898

### MODE OF URINE COLLECTION CYTOLOGY

It is advisable to perform the test **on the second morning urine** following this procedure:

- Ask the laboratory for the appropriate container.
- Collect the second urine in the laboratory-supplied container containing fixative.
- For proper cytological examination, the material is performed on 3 samples collected on 3 successive days and sent to our laboratory all three together on the same day (the last of the collection).

#### PLEASE NOTE:

- In the container provided by the laboratory, there is a liquid (alcohol solution) that allows the cells to be transported and stored for up to 8 days at 15-30°C).
- Keep the container at room temperature and away from heat sources.
